THE MYERS FAMILY • 2017

Wedding Day!

Our big family news is that we now have a daughter! Reid and Angie were married in Philly in September.

Ethan has been taking classes at Penn State Greater Allegheny. Ryan still enjoys working as a programmer at Industry Weapon, and Grant has returned to Brown University to continue to work on his degree in computer science.

Brad receiving award!

In May, Brad was awarded the Lifetime Achievement Award for Research from ACM SIGCHI in the area of User Interfaces, the highest honor in his field!

We had a fun summer of traveling including a wonderful cruise to Italy, Spain, Portugal, & Casablanca. This is at Sagrada Família in Barcelona.
