Do Two Things

Make the Kodu take two actions with one rule.

WHEN *something* ... DO **this**
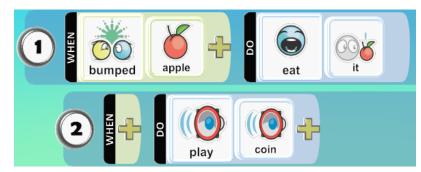

and also → DO **that**

Do Two Things

When you've bumped an apple, eat it *and also* play the coin sound.

General Form:
    WHEN *something* DO *action1*
    ↳WHEN DO *action2*

Indenting the second rule makes it dependent on the WHEN part of the rule above.
