# Module 1: Practice Sheet 3

Version of February 9, 2017

Here are the rules for eating apples:

1. With these rules, the kodu will always go to the apple that is (circle your answer):

   (a) the biggest   (b) the closest

   (c) in front of it   (d) the prettiest

2. Here is a map showing the kodu and five apples. **Draw the path the kodu will take** to eat all the apples. Start by drawing a line from the kodu to the first apple, then extend the line to the next apple, and so on.

3. **Now write the numbers 1 through 5** next to the apples to show the order in which they are eaten.

4.

WHEN see star + DO move toward +

Draw an arrow from the kodu to the thing it will go to first, according to the rule shown and the First Law.

5.

WHEN see star + DO move toward +

6.

WHEN see blue tree + DO move toward +

7.

WHEN see red fish + DO move toward +
