## Follow the Yellow Brick Road

Move along a predefined path to a goal.

## Follow the Yellow Brick Road

Move along a predefined path to a goal.

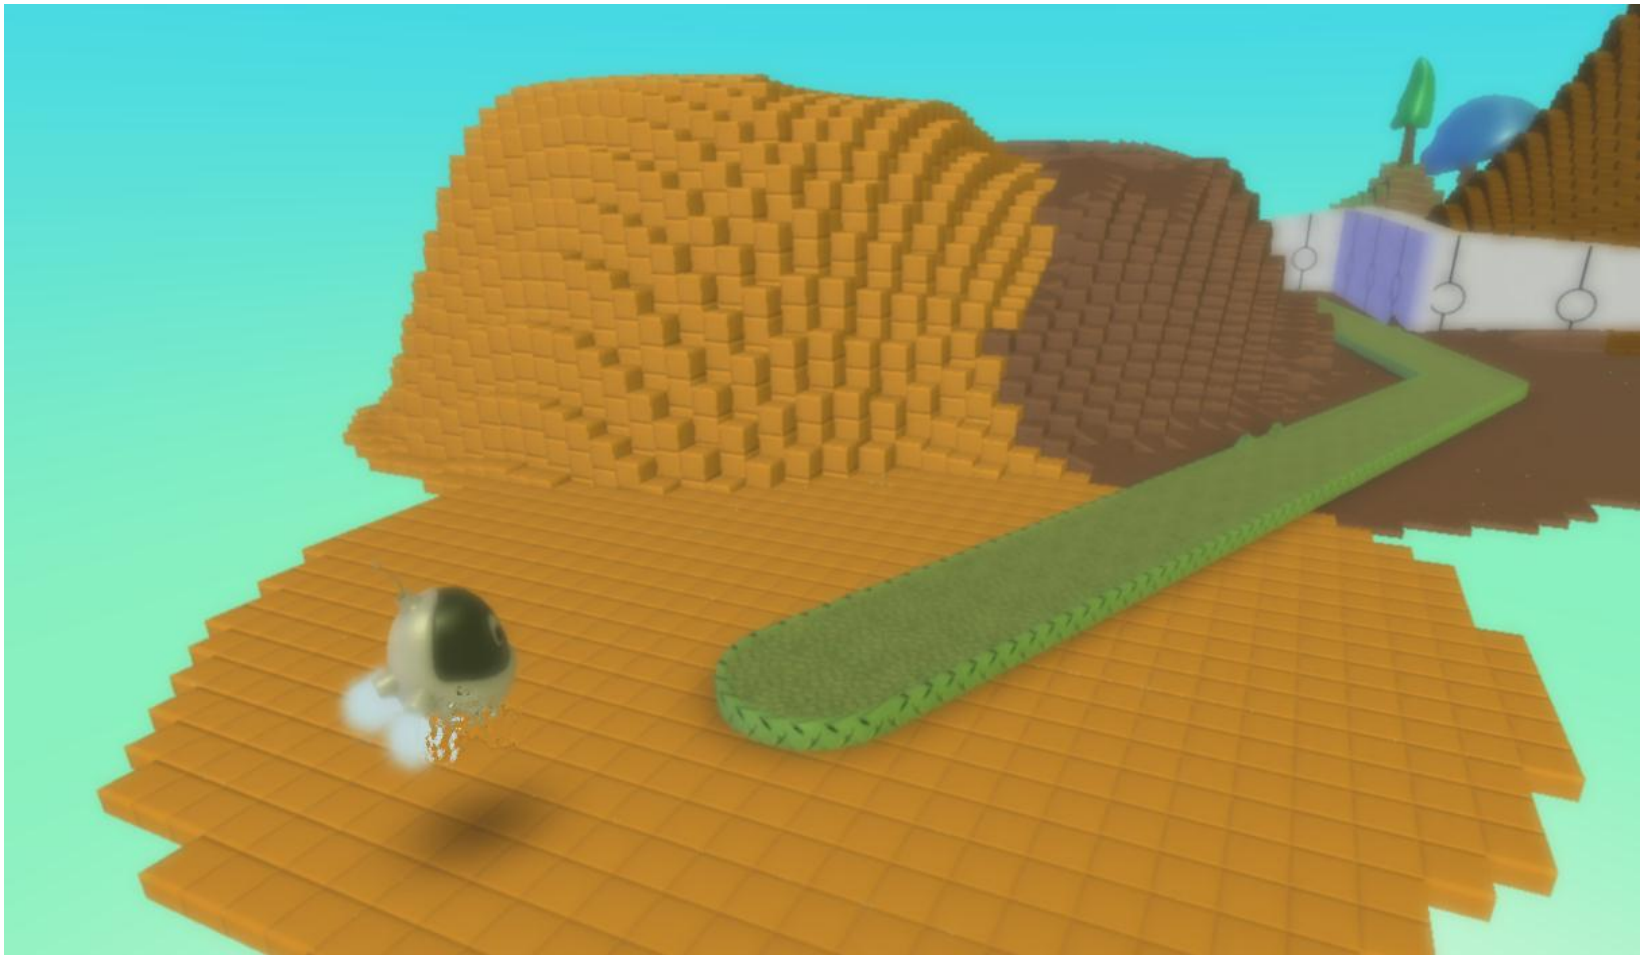

General form:  
WHEN DO **move on path color**  
WHEN **end of path me color-path** DO **action**

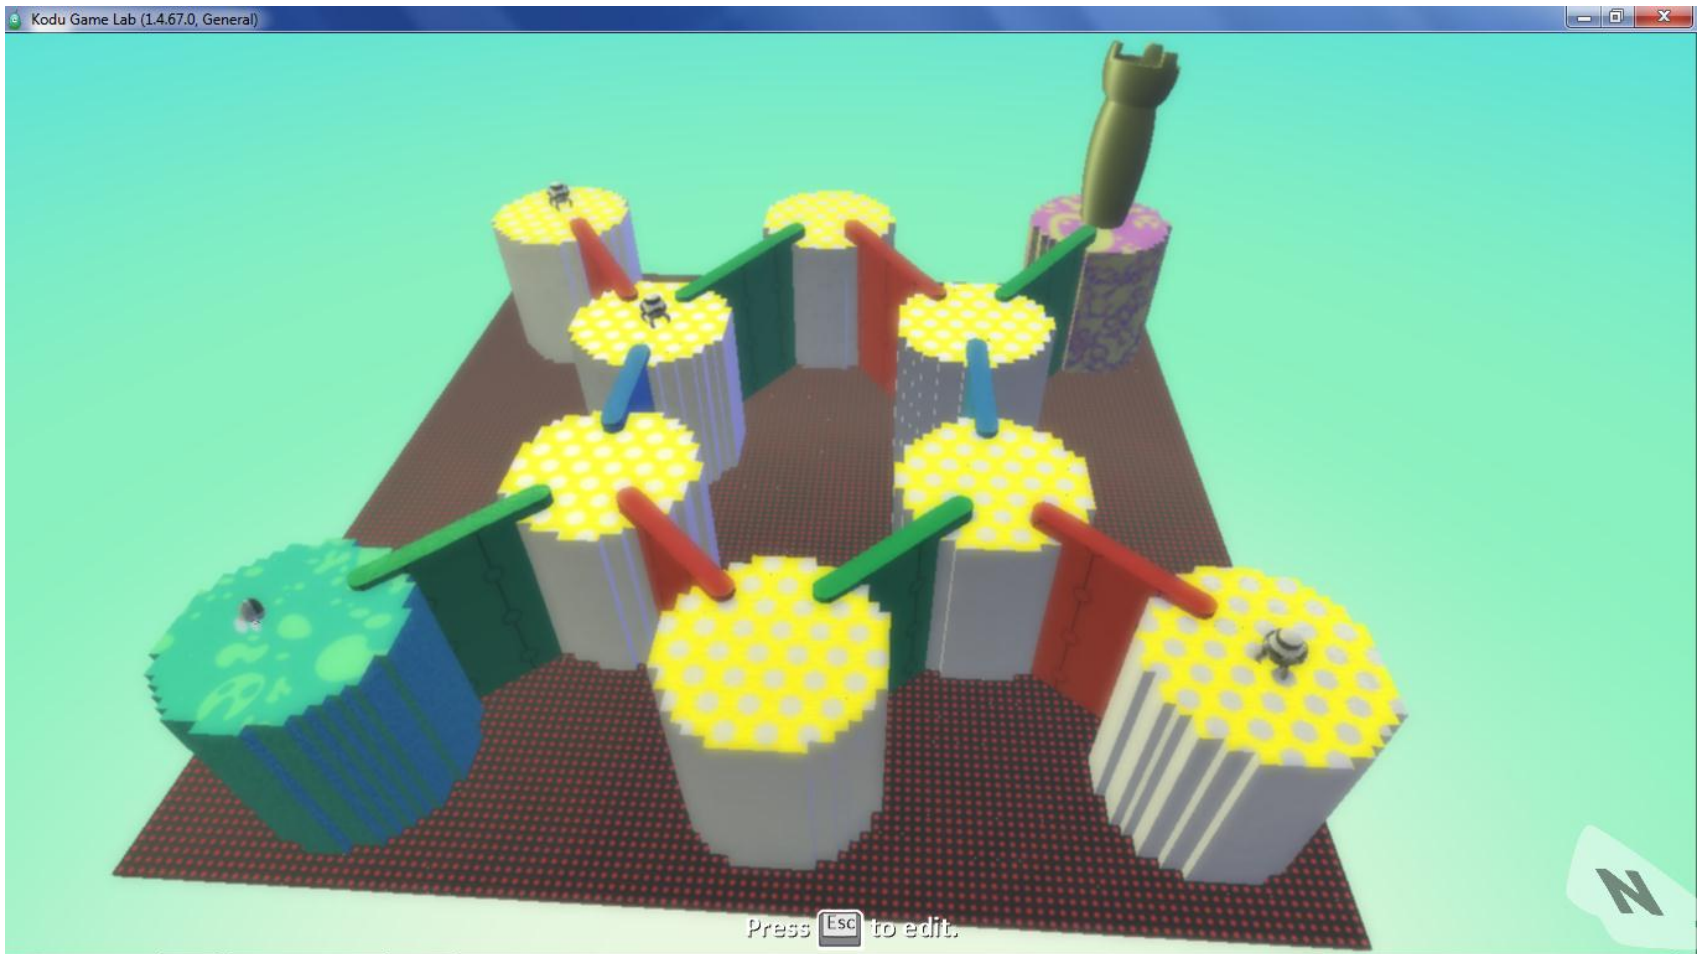

Notes:

1. For **end of path**, be sure to choose the “path colors” menu, not the “colors” menu, and don’t forget to specify “me”.
2. If you don’t **switch** pages at the end of a path, the character will reverse direction and keep going.
