Binder jet printing

Basics

Spreads **layers of powder** one at a time.

Powder both used for model material and support, **saves material**!

Allow for **full colored** model.

Company: Mimaki, Stratasys, 3D Systems

What's new - Stratasys J55

Small enough to fit in office space.

Ability to print details at **18 microns.**

Can print in **multi-materials**, from wood to glass!

Good for **product prototypes.**
