Lecture 13 Poll: Instructor OH

Which of the following times could you attend Ray's OH? Select all that work for you.

- A. Tue : 300-400
- B. Tue : 330-430
- C. Tue : 400-500
- D. Thu : 300-400
- E. Thu : 330-430
- F. Thu : 400-500
- G. I can't make any of these times
(or don't want to go to OH)

I've received your feedback and here are the changes I can make:

- Extend the Saturday homework deadlines
- Post lecture slides on the course website
- Write a study guide with learning objectives for quizzes
 - Ex: Students should be able to:
 - Identify the syntax and semantics of all list methods described in the notes
 - Use a 2D list to do grid based movement
