Natural Deduction Rules

- You'll need the following rules for hw1
 - ✓ $\wedge I, \wedge EL, \wedge ER$
 - ✓ $\vee IL, \vee IR, \vee E$
 - ✓ $\Rightarrow I, \Rightarrow E$
 - ✓ $\Leftrightarrow I, \Leftrightarrow E$

Using Tutch

1. Add tutch binaries to
path/afs/andrew/scs/cs/15-399/bin
2. Download ass1.req from website
3. Write solutions in ass1.tut
4. Check solutions (tutch -r ass1)
5. Submit solutions (submit -r ass1)

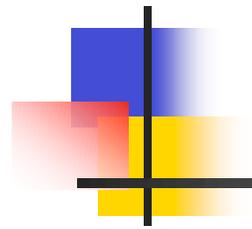

Why Natural Deduction?

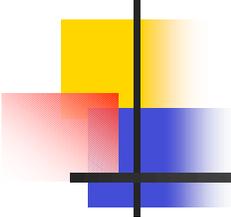

✓ $\sim(A \vee A) \vee A$

✓ $\sim A \vee (B \vee A)$

✓ $\sim(\sim A \vee B) \vee (\sim(C \vee A) \vee (B \vee C))$

Hints

- Read Pfenning Ch. 2
- Do the proof in 2D format first!
- Pay particular attention to $\wedge E, \Rightarrow I$
